Kawaing and Psasckeeping. BUTTLE MARTNO. -- I noticed an inquiry in your journal recently, whethe $rac{1}{4}$ cr butter should be washed or not, $\frac{m}{m}$ Farmer's Wife" says, keep water out of it, but I say wash butter for me. I | " have not had much experience in much experience in much switch theorems with the greatest confidence, and he making butter, but I am not afraid to have my butter tested by the side of any body closs. I always wash my Stars I, Philadau and Stars I, Stars I, Philadau and Stars I, Stars I, Philadau and Stars I, Stars I, Stars I, Stars II, Star after salling; then pack in stone jurs, air tight, and it will keep may length of time as sweet as when first made,-HEN Gravo, - During the fall and The most fashlomable Pins lifts we ason with the Mink Sable, and this is the most set view by the Pin, and they have the min various style-may qualified qualified, and for prices to said that all vince a finty does not wish to buy a good and vince a finty does not wish to buy a good some style and the pink of the pin

winter, every few days, a few shoveltuls of dry muck were spread over the droppings beneath the roots, which were made with floors for the purposa. It had the effect of keeping the house sweet and odorless. In the Spring I had a good pile of home-made guano, By shoveling it over several times it unpleasant to bandle than dry earth. I used it upon a bite piece of corn, dropping a handful in each hill. It oon caught up with care planted ten days earlier, ripened full as early, and yielded better. It seemed to grow so fact that the cutworm could make no impression upon it.—Car. of American

A MENDER of the Herkimer County Farmers' Club states that last spring he plowed an old sod in which there was an immense number of grube. He sowed upon three neres and threequarters, soon after plowing, two bishas of course sail. This was dissaided by rain which came a day or two later, The ground was then thoroughly harrowed and planted to corn, about half coast of feached ashes being placed. ith each hill. The yield was very Large, and there was not the slightest mited to be of the very best and workingship.

numerous parties of the nightest re-

ed locally in the interests of the negroes. The Common Council there insist that negroes shall be contestained at all the hotels and restructurals just as whites are. The proprietors will not receive them as guests, and the question will go to the courts for determination. Restaurant keepers will take the same course. The argument of the hotel keepers is that their business is travellers. Whether they can be sustained in refusing to accopt negroes as they would not force such an issue upon the courts; but, hoodwinked by white scallawags and partisans, they first make war for mixed schools There is something too much of the

ashore alive. Of course Kona breame as here at once, and was duly lionized and spoiled. He enjoyed his dignity for some time, but, eventually, finding himself seglected, he determined, by a loold strike, to regain his popularity. Starting off for the beach, he saw a lady out swimming. He at once rushed in, seized her by the hair, and, in spite of her frantic resistance, landed her on the beach. He now insists on the sufficient of the sufficient class of the stable her on the beach. He now insists on the sufficient class of the stable has a spite of her frantic resistance, landed her on the beach. He now insists on the sufficient class of the stable has a spite of her frantic resistance, landed her on the beach. He now insists on the sufficient of the suffici Tun plan of a central kitchen is to

ing within a radius of three autes similar to plan to the well known Corwegian kitchens. The only ground for the failure of this enterprise appears to be in the fact that it will take ome time to familiarize the public with it, and to show them how much comfort and convenience there is in
